History of the CYC Logo

The first logo was designed by Jason Foster. The hand is breasting the stage curtain back. The spot light is shining the name and the footlights across the bottom light the name from the front. The stars were added after our 25th Anniversary. Cindi Clemmer redesigned and added the trailing Stars for our 30th Anniversary. Numbers were added when we reached our 35-40th Anniversary. Now, for our 45th Anniversary, Margaux Kilgallen has designed a new, clean, simple logo.

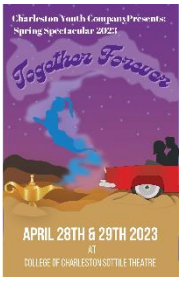

Theater Etiquette

Another exciting season is closing for the Charleston Youth Company! We are thrilled that you are joining us here in the Sottile Theatre to close out our 45th year!

As an avid theatre-goer, I have seen quite a change in the behavior of the audiences these last years. Going to see a live performance on a stage is not like going to see a film at a movie theater. Of course, there are certain dos and don'ts for movie goers as well, but going to see a play requires even more mindfulness of your fellow theater-goers and actors on the stage to ensure that the experience is an enjoyable and memorable one for all. Thank you in advance for making this performance a wonderful experience for all!

Following are guidelines for proper decorum at the theater:

- 1. Be on time.** It shows respect for the actors on the stage and your fellow theater-goers.
- 2. Go to the restroom before you sit down, or at the intermission, not during the performance.** It will not only be disruptive to persons seated in your row and the rows around you, but also to the actors on the stage.
- 3. Do not talk during a live performance once it has begun.**
- 4. Turn off your cell phone and put it away.**
- 5. Be appreciative.** Do show your appreciation by clapping at the appropriate times; and standing at the end of the show when all others around you are standing.
- 6. No food or drinks are allowed in this theatre.** If you must eat a mint or piece of candy, open it quietly so as not to disturb those around you!

CYC Technical Company

Students in grades 6-12 are eligible to be in the Tech Company. They earn hours for community service through their volunteer work. They work with the staff to design and build the sets, paint drops, learn how to use power tools, learn tool safety. Those with artistic skills do the final artwork as well as

teaching others how to paint. They also learn how to create props, work with lighting and sound and learn all about the stage rigging. Show week they load sets into theatre, and are part of the deck crew during the show. They learn leadership, commitment, and team work!

They are an equal part of the CYC Family!

Thank you, Tiffany, for your beautiful photography for CYC!

CYC Mission Statement

The Charleston Youth Company's mission is to be a high quality performing arts company of the Greater Charleston area comprised of 1st through 12th grade students with support of their families and community members. This Company encourages and develops artistic talent through music, voice, dance, art, drama, and technical production. We promote integrity, self-confidence, self-discipline and team work while encouraging appreciation of the arts.

Why Do We Teach Music?

Not because we expect you to major in music
Not because we expect you to play or sing all your life
Not so you can relax
Not so you can have fun
But-

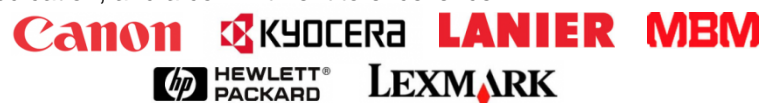

so you will be human
so you will recognize beauty
so you will be sensitive
so you will be closer to an infinite beyond this world
so you will have something to cling to
so you will have more compassion, more gentleness,

more goodness, in short – more life
Of what value will it be to make a prosperous living
unless you know how to live?
